

1 شباط/ فبراير 2018

00960/2018/WDS/SDD/RAA

الرسالة رقم:

عدد المرفقات: 2 (متوافران بالإنكليزية فقط)

الموضوع: سجل سلطات التحذير في البلدان الأعضاء في المنظمة (WMO)

الإجراء المطلوب: تحديث كشوفات سلطة التحذير في بلدكم توكياً لصحتها في السجل الدولي لسلطات التحذير، قبل
16 شباط/ فبراير 2018 على الأفضل

تحية طيبة وبعد،

علكم تعلمون أن المنظمة العالمية للأرصاد الجوية (WMO) قد استهلكت في 2010 "سجل سلطات التحذير في البلدان الأعضاء في المنظمة (WMO)". والهدف من هذا السجل هو تمكين سلطات التحذير والمسؤولين عن حالات الطوارئ ووسائل الإعلام والوسطاء الآخرين من الإحالة إلى هذا السجل بشكل اعتيادي في عملياتهم.

وحفاظاً على تحديث قائمة المحررين، ندعوكم إلى التفضل باستعراض القائمة (انظر المرفق الأول)، والنظر فيما إن كان من الضروري تسمية محرر (ما لم تكن هذه التسمية قد جرت بالفعل)، أو تغيير المحرر، بإرسال رسالة بريدية أو رسالة إلكترونية رسمية إلى المنظمة (WMO) (صورة إلى SMuchemi@wmo.int). ولتقديم طلب لتسجيل محرر، الرجاء الدخول على الموقع التالي: <https://alerting.worldweather.org/edit.php?editor=new>.

ويمكن للمحررين المرخص لهم الدخول على صفحة التعديل: <https://alerting.worldweather.org/edit.php>.

وينبغي لكل عضو في المنظمة (WMO) أن يكون له قيد واحد على الأقل في السجل، كما يجوز أن يكون له قيود متعددة. ويتضمن القيد في السجل ما يلي: اسم العضو في المنظمة (WMO) (توجد قائمة بأسماء الأعضاء على الموقع: <https://www.wmo.int/cpdb>)، واسم هيئة التحذير؛ أنواع الرسائل التي تُفوض الهيئة بشأنها؛ الموقع الشبكي التي تنشر فيه الهيئة تنبؤاتها و/ أو رسائلها التحذيرية؛ المنطقة الجغرافية التي تصدر الهيئة عادة إنذارات بشأنها. (انظر المرفق الثاني – صورة الصفحة التي عليها البيانات).

ويتوافر على موقع شبكي عام: <http://alerting.worldweather.org/authorities.php?memberCode=CN>، الشكل العام للسجل.

ويمكن للأعضاء الراغبين في مراقبة التحديثات التسجيل أيضاً في خدمة أخبار السجل (نسق RSS: <http://alerting.worldweather.org/rss.xml>، أو نسق ATOM: <http://alerting.worldweather.org/atom.xml>).

إلى: الممثلين الدائمين لأعضاء المنظمة (أو مديري مرافق الأرصاد الجوية أو الأرصاد الجوية الهيدرولوجية) –
الأعضاء غير المسجلين (سجل سلطات التحذير) (توزيع محدود)

ويهدف السجل إلى ضمان فعالية تقديم الخدمات عند إصدار إنذارات ومعلومات رسمية للسلطات المختصة
ولجهات التصدي للطوارئ، لمساعدتها في مهمتها المتمثلة في حماية الأرواح وسبل العيش والممتلكات لمصلحة الجمهور
الذي تخدمه.

وتفضلوا بقبول فائق الاحترام،

(و. تشانغ)
عن الأمين العام

WMO Register of Alerting Authorities [home]

OID: 2.49.0.0.840.0 WMO Member: United States of America ISO 3166: US USA 840

Issuing Organization: National Oceanic and Atmospheric Administration (NOAA), National Weather Service

Hazard Categories: Geo Met Fire Health Env CBRNE

Authorization Basis: The National Weather Service Organic Act of 1890, currently codified as amended in section 313 of title 15 of the federal statutory code (called the United States Code) authorizes the National Weather Service to issue and distribute warnings of environmental hazards. The authority is summarized as: The National Weather Service (NWS) provides weather, hydrologic, and climate forecasts and warnings for the United States, its territories, adjacent waters and ocean areas, for the protection of life and property and the enhancement of the national economy. NWS data and products form a national information database and infrastructure which can be used by other governmental agencies, the private sector, the public, and the global community. In addition, the National Weather Service supports the Emergency Alert System and provides, in coordination with the Federal Emergency Management Agency, public dissemination of critical pre-event and post-event information of all hazards, including natural disasters and terrorist events. The National Weather Service all-hazards support authority emanates primarily from the National Response Framework as authorized by The Homeland Security Act of 2002, codified predominantly as amended in sections 101 to 557 of title 6 of the United States Code, and The Robert T. Stafford Disaster Relief and Emergency Assistance Act, codified as amended sections 5121 to 5206 of title 42 of the United States Code.
