Dear Sir/Madam,

WMO is planning to organize the third Regional WMO Integrated Global Observing System (WIGOS) Centres (RWC) Global Workshop in Cape Town, South Africa, from 25 to 27 November 2024.

The purpose of the workshop is to bring the already established RWCs and RWC candidates together to discuss their experience and challenges with establishing their operations to perform their functions in a sustainable manner, including feedback on the use of WIGOS tools. The workshop is also aimed to review RWCs procedures, plans and activities, such as those related to capacity development.

The workshop is proposed to be organized as a hybrid event with online and in-person participation of representatives from RWCs. Please be informed that the workshop programme, as well as logistical and other information will be published [online](#) in due course.

I would like to kindly invite you to nominate representative(s) of RWCs hosted by your country to attend the workshop, either remotely or in-person, in which case the expenses with travel, accommodation and meals should be borne by your country.

I look forward to receiving your confirmation for participation of your RWC representative(s) to the workshop, with a copy to Mr Luis Filipe Nunes lfunes@wmo.int and Mr Rabia Merrouchi rmerrouchi@wmo.int.

I wish to take this opportunity to thank you for your support to the WMO activities which is greatly appreciated.

Yours faithfully,

Ms Ko Barrett
