Our ref.: SG/ASG/SPO/R&Op

GENEVA, 27 June 2012

Subject: The surveys on the Role and Operation of National Meteorological and Hydrological Services conducted in June-August 2011, and Impacts of Achieved Results on Members conducted in February-March 2012

Action required: For information and appropriate action

Dear Sir/Madam,

I wish to refer to our circular letter (ref.: PR-6578) of 23 June 2011, concerning a Questionnaire on the Role and Operation of National Meteorological and Hydrological Services (NMHSs), and circular letter (ref.: PR-6607) of 30 January 2012 on the Questionnaire on the Impacts of Achieved Results on Members.

A total of 86 and 69 responses were received for the questionnaires on the Role and Operation of NMHSs, and Impacts of Achieved Results on Members, respectively. The results of the surveys (available in English only) are available on the WMO Website:

http://www.wmo.int/pages/about/documents/Results_of_the_survey_NMHS_en.pdf
http://www.wmo.int/pages/about/documents/Summary_Survey_Impacts_2012.pdf

As communicated to you through an e-mail message of 31 May 2012, this survey has been reopened until 31 July 2012 and the results will be updated with any new responses. It would, therefore, be very valuable if we could receive within the stated period your response to the questionnaire on the Impacts of Achieved Results on Members, in case you have not responded.

Let me also thank you once again for your support in this undertaking, particularly by providing the needed information requested in the questionnaires. I trust that the information from the two surveys provides useful information on the role and operation of your NMHSs, and impacts of achieved results on Members.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'E. Manaenkova'.
