Our ref.: SG/ASG/SPO/M&E-Focal Points

GENEVA, 9 September 2014

Subject: Monitoring and Evaluation Focal Points

Action required: To designate a Monitoring and Evaluation (M&E) Focal Point by **1 October 2014**

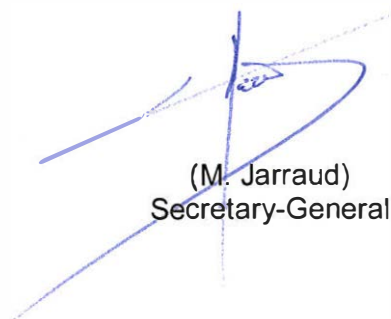

Dear Sir/Madam,

At its sixty-sixth session, the WMO Executive Council (EC-66) noted the challenges to performance measurement, particularly with respect to the low and fluctuating levels of response to the Surveys on Impacts of Achieved Results on Members. The Council decided that the Members be requested to identify Focal Points for Monitoring and Evaluation (M&E) to serve as the Secretariat's main contact persons for matters related to the implementation of the WMO M&E System, and specifically for facilitating Members' responses to the Surveys, which are the main data collection processes for measuring progress on the WMO Key Performance Indicators.

You are kindly requested to identify a focal point for your Service and provide the WMO Secretariat with a name and contact details preferably not later than **1 October 2014**.

Thank you for your continued cooperation.

Yours faithfully,

(M. Jarraud)
Secretary-General

To: Permanent Representatives (or Directors of Meteorological or Hydrometeorological Services) of Members of WMO (PR-6793)

cc: Hydrological Advisers to Permanent Representatives
