Dear Sir/Madam,

The World Meteorological Organization (WMO) Executive Council, at its sixty-sixth session (EC-66) in June 2014, adopted Resolution 8 (EC-66) requesting the WMO Secretariat, *“in consultation with Members, to urgently develop a WMO Disaster Risk Reduction (DRR) roadmap of prioritized and realistically achievable activities and deliverables that are consistent with the WMO Strategic and Operating Plans as well as the work plans for relevant WMO Programmes and projects”* for consideration at the Seventeenth World Meteorological Congress (Cg-17) in May 2015.

I am pleased to inform you that a Zero Draft of the WMO DRR Roadmap has been developed and is available on the DRR website:

The DRR Roadmap will be discussed during Cg-17 (under agenda item 3.2). Furthermore, a side event on the DRR Roadmap will be held on Thursday, 28 May 2015 (12:45-13:45) in Salle 14 at the International Conference Centre Geneva (CICG).

I would appreciate your feedback on the Zero Draft DRR Roadmap, specifically your view on which thematic areas and priority activities should be included in the Roadmap, on or before **22 May 2015**.

Yours faithfully,

(J. Lengoasa)
