Subject: WMO Survey: Marines Services and Cost Considerations

Action required: To complete the WMO Survey by **12 February 2021**

Dear Sir/Madam,

As you are aware, the Eighteenth Session of the World Meteorological Congress in 2019 decided to investigate options related to the cost for delivering marine services for WMO Members. Under the Services Commission, and more specifically, the Standing Committee for Marine Meteorological and Oceanographic Services (SC-MMO), a Task Team will be established to do this work. Results are expected to be presented to the World Meteorological Congress in 2023.

For WMO to better understand the current situation related to costs borne by Members to deliver marine services, I would appreciate your time to complete the survey at the following link by **Friday 12 February 2021**. The survey is brief and should not take more than ten minutes to complete. Results will help inform the investigation by the Task Team.
