9 March 2022

Annex.: 1 (available in English only)

Subject: Completion of Checklist for Climate Services Implementation

Dear Sir/Madam,

I would like to thank you for completing the Checklist for Climate Services Implementation. Your contributions are greatly appreciated. A total of 154 respondents (91% in Africa, 79% in Asia, 83% in South America, 68% in North America, Central America and the Caribbean, 86% in the South-West Pacific, and 82% in Europe) have completed the survey as of 3 March 2022.

This information is key for developing project proposals for donors and for requesting the World Meteorological Organization (WMO) targeted technical assistance. In addition, the data is also used to monitor progress in the implementation of the WMO Strategic Plan 2020–2023 and is well showcased in flagship publications such as the [State of Climate Services Report](#), a collaborative publication of WMO, the Green Climate Fund, the Adaptation Fund, the Global Environment Facility, the Climate Policy Initiative, the Climate Risk and Early Warning Systems Initiative, the Agence Française de Développement, and other contributors.

If you have any inquiries or if you would like to share your comments and/or feedback on the Checklist, please feel free to contact Ms Veronica Grasso, Scientific and Programme Officer (vgrasso@wmo.int).

I wish to thank you for your continued support.

Yours faithfully,

Prof. Petteri Taalas
Secretary-General

To: Permanent Representatives of Members with WMO (limited distribution)
