GENÈVE, le 15 août 2013

Annexes: 2 (disponibles en anglais seulement)

Objet: Cours international de formation sur l'efficacité de la communication avec les médias (Hong Kong, Chine, 9-13 décembre 2013)

Suite à donner: Pour information et mesures à prendre, le cas échéant

Madame, Monsieur,

Le Représentant permanent de Hong Kong, Chine, auprès de l'Organisation météorologique mondiale (OMM) m'a informée qu'un cours international de formation sur l'efficacité de la communication avec les médias aurait lieu à Hong Kong, du 9 au 13 décembre 2013.

L'objectif de ce cours, qui se déroulera en anglais et dont le programme est décrit dans ses grandes lignes à l'annexe I, est de renforcer les capacités des services météorologiques nationaux à diffuser des informations météorologiques aux médias et au grand public de manière rationnelle.

Il vise à renforcer les capacités et les compétences des participants en matière de communication et de diffusion efficace des prévisions météorologiques et des alertes à l'intention du public par le biais des médias et d'autres moyens.

Les personnes intéressées sont invitées à remplir le formulaire d'inscription ci-joint (annexe II), qui doit être approuvé par le Représentant permanent de leur pays respectif auprès de l'OMM, et à le renvoyer **directement** à l'Observatoire de Hong Kong (par courriel à l'adresse [tkung@hko.gov.hk](mailto:tkung@hko.gov.hk) ou par télécopie au numéro +852 2375 2645; téléphone: +852 2926 8319) **au plus tard le 15 septembre 2013**.

Veuillez agréer, Madame, Monsieur, l'expression de ma considération distinguée.

(E. Manaenkova)  
pour le Secrétaire général

Aux: Représentants permanents (ou directeurs des Services météorologiques ou hydrométéorologiques) des Membres de l'OMM (PR-6714)

cc: Conseillers en hydrologie auprès des représentants permanents

## **Workshop on Effective Media Communication 9-13 December 2013 Hong Kong, China**

### **Objective**

With evolving technology in communication, increasing demand from the media and the public and emergence of unofficial sources of weather information, effective communication of weather information to the media and the public is of utmost importance to meteorological services. The workshop aims at strengthening the capacities and skills of the participants to communicate and disseminate weather forecast and warning information effectively to the public through the media and other means.

### **Contents**

- (i) Challenges and Opportunities of media communication
- (ii) Preparation of key messages and presentation material for weather broadcast
- (iii) Dissemination channels of weather information and their characteristics
- (iv) Use of social media tools in communicating weather information
- (v) Exploration of storytelling in communication
- (vi) Media communication before, during and after significant weather events
- (vii) Crisis communication
- (viii) TV and radio weather presentation skills
- (ix) Communicating uncertainty information in weather forecasts
- (x) Media handling strategies
- (xi) Media presentation practice in TV studio

### **Medium of instruction**

English

### **Course Date**

9 to 13 December 2013

**Deadline for application**

The completed WMO Fellowship Nomination Form should be returned to the Hong Kong Observatory with a copy to the WMO Secretariat by **15 September 2013**.

**Places offered**

A maximum of 20 participants.

**Qualification of trainees**

- Trainees should have experience in the communication and presentation of weather information to the public through the media and other means in their countries.
- Trainees are required to be proficient in English.
- All trainees are required to provide the workshop organizer with feedback on the usefulness of the knowledge and skills acquired within 6 months after receiving the training.

**Fellowship**

- Tuition fee will be waived. Lodging will be provided, supplemented by a per diem allowance of HK\$150 per day.
- The costs of air passage and related insurance costs between Hong Kong, China and the home town of participants will have to be borne by the recipient WMO Members. In the event any Member is unable to meet the air passage costs, the Hong Kong Observatory is prepared to offer a limited number of air passages for those in need, on a case-by-case basis.

**Insurance**

The training course organizer does not hold any responsibility for compensation in the event of death, illness, injury or loss of property during the training period. The same applies to the duration of passage in the event the Hong Kong Observatory provides the air passages. Participants are therefore fully responsible for arranging life, health, and other forms of insurance as appropriate and necessary.

**Enquiries**

Mr. Terence Kung, Scientific Officer, Hong Kong Observatory, Hong Kong, China.
