Objet: Cours de formation international sur les cyclones tropicaux, Nanjing, Chine,
21 novembre – 2 décembre 2016

Suite à donner: Pour information et mesures à prendre, le cas échéant

Madame, Monsieur,

J'ai le plaisir de vous informer que la République populaire de Chine accueillera un cours international de formation sur les cyclones tropicaux, du 21 novembre au 2 décembre 2016, au Centre régional de formation professionnelle (CRFP) de l'OMM établi à Nanjing, en Chine.

Le cours est destiné aux météorologistes des pays en développement dont les activités d'exploitation ou de recherche portent sur la prévision et l'étude des cyclones tropicaux. Il a pour objectif d'aider les participants, via des leçons théoriques et des exercices pratiques, à maîtriser la théorie et les principes de base de la prévision des cyclones tropicaux. Les participants seront ainsi mieux à même de prévoir les phénomènes météorologiques à fort impact liés aux cyclones tropicaux, de mener à bien des recherches scientifiques et de gérer les activités dans ce domaine. Le cours se déroulera en anglais.

Tous les candidats retenus recevront le document intitulé «Admission Notice» (Avis d'admission) approuvé par le CRFP de Nanjing et seront exonérés de frais d'inscription. Le Gouvernement chinois est en mesure de fournir à 30 participants au maximum, sur demande, un soutien au niveau local, en offrant notamment l'hébergement et les repas ainsi qu'une participation aux faux frais d'un montant de 50 yuan renminbi par personne et par jour. Les autres participants, ou leurs gouvernements respectifs, devront s'acquitter des frais d'hébergement et de repas (respectivement 50 et 20 dollars É.-U. par jour et par personne) pour toute la durée du cours. Les frais de voyage internationaux, y compris les billets aller-retour, les frais de transit et les indemnités de subsistance pendant la durée du voyage, sont à la charge des participants ou de leurs employeurs. Vous trouverez ci-joint la note d'information sur le cours et le formulaire de candidature.

Aux: Représentants permanents (ou directeurs des Services météorologiques ou hydrométéorologiques) des Membres de l'OMM (PR-6926)

cc: Conseillers en hydrologie auprès des représentants permanents

Les personnes dont la candidature est présentée sont priées de remplir le formulaire ci-joint, qui doit être approuvé par le représentant permanent de leurs pays respectifs, et de l'envoyer directement au CRFP de Nanjing, à l'adresse indiquée sur le formulaire, le **30 septembre 2016** au plus tard.

Veuillez agréer, Madame, Monsieur, l'expression de ma considération distinguée.

International Training Course on Tropical Cyclones

21 November-2 December 2016, Nanjing, China

ENROLMENT INFORMATION

The International Training Course on Tropical Cyclones is organized by the WMO Regional Training Centre (RTC) Nanjing-ESCAP/WMO Typhoon Committee Training Centre, sponsored by the China Meteorological Administration (CMA).

Course Description

This course is designed to help participants, through theoretical study and practice, to master the basic theory and principles of tropical cyclones. This will be helpful to improve participants' ability in carrying out the operation of forecasting high-impact weather associated tropical cyclones, and related scientific researches as well as management.

Expected Learning Outcomes

Upon completion of this training course, participants are expected to be able to apply theoretical and practical knowledge of tropical cyclone, to enhance performance in forecasting, processing and using related data in meteorological operation, research and studies.

Target Audience

Meteorologists engaged in operational work or research relevant to tropical cyclone forecast and study from developing countries.

Course Content

The training course will cover tropical cyclone (TC) structure, genesis, intensity change, motion, climate change and TC activities, track and structure forecasts of TC, seasonal forecasts of TC activity, application of satellite data and radar data in early warning of TC, societal and economic impacts of TC and disaster mitigation.

Course Format

Lectures, practical sessions, seminar on special topics, study tour, discussion, and participant presentation, etc.

Instructors

Professors in the field from Nanjing University of Information Science and Technology (NUIST) and senior experts from CMA.

Language Used

The course will be conducted in English.

Participant Qualifications for Admission

Participants are required:

- (1) To be specialized in tropical cyclone meteorology with a minimum of one years' professional experience;

- (2) To be in good physical health with no infectious diseases. Physically fit to fulfill all course activities; candidates with limited physical mobility will not be accepted;
- (3) To be proficient in English;
- (4) To prepare a report on tropical cyclone meteorology of the participants' service and a brief introduction of the participant's professional experiences for the purpose of exchanges;
- (5) Not to bring family members to the training course in principle; if bringing a family member, the participant has to pay extra expenses;
- (6) To observe all the laws, rules and regulations in China and respect the Chinese customs during the training period.

Application and Selection Process

- (1) The applicants must be meteorologists who are working in the field of tropical cyclone meteorology from Meteorological and Hydrological Services of developing countries. The nominated candidates are requested to submit the Application Forms and passport copy (necessary), together with evidence of English proficiency (if there is), to the WMO RTC Nanjing China for examination and endorsement;
- (2) Admission Notices will be issued to the accepted participants by e-mail by the RTC Nanjing. With the Admission Notices, the participants are requested to go through all the necessary formalities for entering China and register at the RTC Nanjing before the course begins.

Only accepted applicants that receive the Admission Notices endorsed by the WMO RTC Nanjing China can participate in the training course.

Costs

- (1) Tuition fee is free for all the accepted participants that receive the endorsed Admission Notices by the WMO RTC Nanjing China;
- (2) Due to limited funds, the WMO RTC Nanjing China can provide local support such as accommodation, meals, and pocket money (50 Yuan RMB per day) etc. for 30 participants only. Normally one applicant from each developing country or two applicants from each Least Developed Country are endorsed by the WMO RTC Nanjing China for the local support;
- (3) Other accepted applicants or their respective governments need cover their accommodation (50 USD per day per person) and meals (20 USD per day per person) during the training period;
- (4) The international travel costs including round trip tickets, transit fares and subsistence allowance during the travel are to be covered by the participants or their employers;
- (5) The expenses of visa, medical care, insurances and domestic salaries for the participants should be borne by the participants' employers;
- (6) The organizer of the International Training Course on Tropical Cyclone does not hold any responsibility for such risks as loss of life, accidents, illness, and loss of property incurred during the whole period of participation in the training course.
