Subject: Online participation to the 2024 WMO Technical Conference on Meteorological and Environmental Instruments and Methods of Observation (TECO-2024)

Action required: To distribute the announcement to interested parties

Dear Sir/Madam,

I wish to refer to the circular letter ref. [02451/2024/I/WIGOS/ONM/MQC/TECO-2024](#) dated 7 March 2024 announcing the 2024 WMO Technical Conference on Meteorological and Environmental Instruments and Methods of Observation (TECO-2024) that will take place in Vienna, Austria, at the Messe Wien Exhibition and Congress Centre from 23 to 26 September 2024, in conjunction with the Meteorological Technology World Expo organized by UKi Media & Events, from 24 to 26 September 2024.

I would like to inform you that TECO-2024 will be web-streamed. Participants who wish to attend the conference online can register to the conference by filling out the [online registration form](#) available on the [conference website](#).

Online participants can attend and follow the conference via the link below:

<https://www.meteorologicaltechnologyworldexpo.com/en/wmo-teco-24.php>

However, it should be noted that there will be no possibility in the conference programme for online presentations for the presenters who have oral or poster presentations. All presenters are therefore expected to attend the conference in-person in order to make their presentations.

I look forward to the participation of your expert(s) at TECO-2024, an event offering a unique opportunity for the exchange of information on the latest developments in instrumentation, observing methods and systems, thus strengthening the WMO Integrated Global Observing System (WIGOS) measurement community.
