Subject: Summary and full report on the results of the survey on the Impacts of Achieved Results on Members conducted in February-October 2012

Action required: For information

Dear Sir/Madam,

I wish to refer to our circular letters (refs: PR-6607 and PR-6650) dated 30 January 2012 and 27 June 2012, respectively, concerning the survey on the Impacts of Achieved Results on Members.

The first survey was conducted in February 2012. It was designed to: (i) assess the impacts of results achieved against the WMO Strategic Plan 2008-2011; and (ii) establish baselines for 2012-2015. On the request of the first session of the EC Working Group on WMO Strategic and Operational Planning, the survey was reopened to improve the level of response which was only 60 NMHSs (36%) as of February 2012. As of October 2012, a total of 109 NMHSs (58%) had responded.

In this connection, I am pleased to inform you that the updated summary and full report on the results of the survey on the Impacts of Achieved Results on Members conducted in February-October 2012 (available in English only) are available on the WMO public Website at:

http://www.wmo.int/pages/about/documents/Summary_IARM_Oct12.pdf

http://www.wmo.int/pages/about/documents/Full_report_IARM_Oct12_en.pdf

The progress in achieving deliverables in the period January-June 2012, based on the progress reports from Departments at the Secretariat, is available on the WMO public Website at:

Let me thank you once again for your support in this undertaking and I trust that the information from the survey provides useful information on the impacts of achieved results on Members.

Yours faithfully,

(M. Jarraud)
