Our ref.: SG/ASG/SPO/WMO M&E System

GENEVA, 23 July 2013

Subject: Implementation of the WMO Monitoring and Evaluation (M&E) System

Action required: For information

Dear Sir/Madam,

You may recall that the Sixteenth World Meteorological Congress (Cg-XVI) in 2011 requested the Executive Council (EC) and the Secretary-General to continue with further development and implementation of the WMO Monitoring and Evaluation (M&E) System, which included precise definition and correct application of the System.

To implement the request of Cg-XVI, the WMO Secretariat has developed two documents, namely: (a) the *WMO Monitoring and Evaluation Guide* (WMO-No. 1088, April 2012); and (b) the *WMO M&E System* (WMO-No. 1089, April 2012). The Secretariat has also developed the *WMO Risk Management Framework* (WMO-No. 1111) to guide the implementation of WMO Risk Management Policy approved by the sixty-third session of the EC through its Resolution 12 (EC-LXIII).

In accordance with Resolution 24 (EC-64) – Guidelines on the Planning and Production of WMO Publications, I wish to inform you that these documents are available for use by Members at the following websites:

I hope you will find these documents useful.

Yours faithfully,

(M. Jarraud)
Secretary-General
