Subject: Provision of interpretation into and from the Portuguese language for RA I-16, RA III-16 and the Seventeenth World Meteorological Congress

Dear Sir/Madam,

I wish to refer to Resolution 46 (Cg-XIV) on the use of Portuguese, adopted by the Fourteenth World Meteorological Congress in May 2003, following consideration of the request presented by Angola, Brazil, Cape Verde, Guinea-Bissau, Mozambique, Panama, Portugal, Sao Tome and Principe, Spain and Uruguay regarding that subject.

In Resolution 46 (Cg-XIV), Fourteenth Congress decided that Portuguese shall be used for interpretation at sessions of Regional Associations I and III using available resources, and of Congress, subject to the availability of extrabudgetary resources, and to continue with existing arrangements for a separate Trust Fund account to provide such extrabudgetary resources.

To ensure implementation of the above-mentioned Congress decision, I have continued with arrangements for a special account into which any extrabudgetary funds made available for this purpose shall be deposited to meet the cost of interpretation into and from the Portuguese language.

I hereby invite all Members to contribute generously to this special account so as to enable the Secretariat to provide Portuguese interpretation at the next sessions of Regional Associations I and III and at Seventeenth Congress. The estimated cost of Portuguese interpretation at these sessions is approximately CHF 196 000.

Your kind contributions may be paid by cheque in Swiss francs to the order of the World Meteorological Organization or by deposit to:

Yours faithfully,
