GENEVA, 10 January 2014

Subject: 2014 WMO wall calendar

Dear Sir/Madam,

On behalf of the World Meteorological Organization, I am pleased to send you, under separate cover, ten copies of the 2014 WMO wall calendar. This calendar was created to promote the 2014 World Meteorological Day theme of "Weather and Climate: Engaging Youth."

Engaging youth is an important priority for our community. Not only must we assist young people to understand and use the information and services that we provide, but we should encourage those that are most interested in weather and climate to consider gaining professional skills in these areas. For these reasons, the WMO Secretariat is in the process of relaunching its youth website (in English at [www.wmo.int/youth/](http://www.wmo.int/youth/)) and updating its public information brochure on "A Career in Meteorology". I hope that you will find these and other WMO materials of use in your own celebration of this year's World Meteorological Day.

Additional copies of the calendars, as well as further information about World Meteorological Day, can be obtained upon request from the WMO Communications and Public Affairs Office at [cpa@wmo.int](mailto:cpa@wmo.int), tel. +41 22 730 8314 or fax +41 22 730 8027.

I would like to take this opportunity to thank you for your continued support in promoting the Programmes and activities of WMO.

Yours faithfully,

(J. Lengoasa)  
for the Secretary-General

To: Permanent Representatives (or Directors of Meteorological or Hydrometeorological Services) of Members of WMO (PR-6738)
