GENEVA, 17 May 2016

Subject: Request for information regarding implementation of aeronautical meteorological competency requirements

Action required: Complete the online questionnaire, preferably before **31 May 2016**

Dear Sir/Madam,

I am writing to request your assistance in providing feedback to the Commission for Aeronautical Meteorology Expert Team on Education, Training and Competency (ET-ETC) regarding the implementation of aeronautical meteorological competency requirements in your country. Noting that in some countries the National Meteorological Service is not the provider of aeronautical meteorological services, it would be appreciated if you could forward this request to the appropriate agencies to ensure that their views and experience are considered when reviewing the supporting documentation and guidance for this ongoing requirement.

A short online questionnaire accessible via the following URL <https://www.surveymonkey.com/r/FK7P5ZR> has been prepared to collect feedback from the person or institute responsible for the oversight of competency assessment of aeronautical meteorological personnel in your country. Responses received prior to **31 May 2016** will be summarized to assist the Executive Council in mid-June 2016 with any questions it has related to competency of aeronautical meteorological personnel. Responses received after this date will be included in the full analysis.

I wish to thank you and the government of your country for your continued support in promoting the Programmes and activities of WMO.

Yours faithfully,

(E. Manaenkova)  
for the Secretary-General

To: Permanent Representatives (or Directors of Meteorological or Hydrometeorological Services) of Members of WMO (PR-6902)
