

Our ref.: 2025/SG/Members

9 May 2025

Dear Sir/Madam,

The United Nations Chief Executive Board (CEB) has just concluded an important session in Copenhagen, Denmark. I participated in this session, along with other heads of the UN System.

Following this meeting, UN Secretary-General, António Guterres, will hold an informal meeting of the General Assembly to brief UN Members on plans to advance the UN80 initiative to ensure that the UN remains effective, cost-efficient and responsive to the people it serves. The briefing will take place on Monday, 12 May 2025 at 1100 EDT (1500 GMT). It will be broadcast live by UNTV. I encourage you to follow this briefing.

The work of the World Meteorological Organization (WMO) will be aligned to and inform the UN80 process. We remain committed to supporting our Members and to play our role as the UN voice on weather, climate and water, in this year which marks our seventy-fifth (75th) anniversary as a UN specialized agency.

Yours faithfully,

Prof. Celeste Saulo
Secretary-General

To: Permanent Representatives of Members with WMO
