

Our ref.: 5236-20/IPCC/GEN

Annex(es): 1

To designated IPCC Focal Points and
Ministries of Foreign Affairs
(if no focal point has been designated)

COPY

GENEVA, 13 July 2020

Dear Sir/Madam,

As you may know the IPCC produces at regular intervals scientific Assessment Reports on climate change. The IPCC also produces Special Reports, Methodology Reports, Technical Papers and Supporting Material.

Currently the IPCC Secretariat has in stock a large number of free publications that you may be interested in to obtain for your libraries or distribution to your stakeholders (see Annex I).

If you are interested in obtaining any of the publications listed in Annex 1, please send an e-mail indicating the title(s) of the publication(s) as well as the number of copies that you would like to receive and address it to Ms Laura Biagioni at: lbiagioni@wmo.int by **31 July 2020**. She will then arrange for the shipment of these materials.

Kindly note that the IPCC Secretariat would like to receive your reassurance that you will take the necessary action to facilitate the importation in your country of the IPCC shipments. To that end it would be helpful if you could assign a contact person to assist with the processing of the shipments. In order to facilitate customs clearance the IPCC Secretariat will send to this person a document indicating that the publications are for non-commercial use and are to be distributed freely for educational purposes.

A copy of this letter is being sent for information to the Ministry of Foreign Affairs and to the Permanent Representatives from your country to the World Meteorological Organization and to the United Nations Environment Programme.

Yours sincerely,

(Abdalah Mokssit)
Secretary of the IPCC

STOCK of IPCC PUBLICATIONS

January 2020

Please indicate the number of prints, your full contact details and return it back to lbiagioni@wmo.int

<u>Stock Number</u>	<u>Title</u>	<u>Stock at OMM</u>	<u>Weight (kg)</u>	<u>Lang</u>	<u>Number of units ordered</u>
