Subject: *IPCC Special Report on the Ocean and Cryosphere in a Changing Climate*

Sir/Madam,

Allow me to bring to your attention an error found in the Summary for Policymakers (SPM) of the Special Report on the Ocean and Cryosphere in a Changing Climate (SROCC). This error was discovered after the approval of the SPM and acceptance of the report at the 2nd Joint Session of Working Groups I and II and the 51st Session of the IPCC in Monaco, September 2019.

The error which requires correction is explained in **Annex 1** to this letter.

Appendix A to the Principles Governing IPCC Work, ANNEX 3 - IPCC Protocol for addressing possible errors in the IPCC Assessment Reports, Synthesis Reports, Special Reports and Methodology Reports (referred to below as "Error Protocol"), lays down the procedures to address alleged errors in the SPM of a Working Group Contribution (see Error Protocol Section 2, Step 5A).

After agreeing that action on the alleged error is warranted, the Chair of the IPCC, Working Group II Co-Chairs and relevant authors have constructed an erratum statement. This erratum statement was approved by the IPCC Working Group I and Working Group II Bureau.

The Error Protocol further stipulates: "Following WG or TF Bureau approval, the proposed erratum is submitted to the Panel for approval. To allow for rapid response, the Panel may delegate this approval step to the Executive Committee, which can decide that the erratum be posted on the IPCC and WG or TF websites, or can decide to defer to the next session of the IPCC Bureau or of the Panel."

Consistent with the Error Protocol, we suggest using the option foreseen for rapid response for this error and I kindly ask for your agreement to delegate the approval of the proposed erratum to the IPCC Executive Committee.

Unless we hear any objections by **Friday 9 January 2023**, we will proceed as suggested.

A copy of this letter is being sent for information to the Ministry of Foreign Affairs and to the Permanent Representatives from your country to the World Meteorological Organization and to the United Nations Environment Programme.

Yours sincerely,

(Abdalah Mokssit)
Secretary of the IPCC

**IPCC Special Report on the Ocean and Cryosphere in a Changing Climate (SROCC)
Summary for Policymakers (SPM) Error Notification and Erratum Proposal**

In Figure SPM.3c, the map showing RCP8.5 is missing a colour value (dark purple, >50%) around Macquarie Island (southeast from Australia). Errata Figure SPM.3c has been corrected to include the missing colour value.

Figure SPM.3c

Errata Figure SPM.3c

Proposed Erratum:

SROCC SPM, Figure SPM3.c: Replace Figure SPM3.c with Errata Figure SPM3c. The figure has been updated to correct for the missing colour value (dark purple, >50%) around Macquarie Island for RCP8.5.
