Our ref.: OBS/OSD/RBSN-RBCN/RA III

GENEVA, 16 June 2014

Annexes: 2 (available in English only)

Subject: Regional Basic Synoptic Network (RBSN) and Regional Basic Climatological Network (RBCN) in Regional Association III (South America)

Action required: Comments to be sent to the WMO Secretariat, as soon as possible, but preferably not later than **15 July 2014**

Dear Sir/Madam,

As you may be aware, the upcoming sixteenth session of Regional Association III (Asuncion, Paraguay, 15-20 September 2014) will decide on revised lists of stations in the Regional Basic Synoptic Network (RBSN) and in the Regional Basic Climatological Network (RBCN) for Region III (South America).

In order to maintain the stability of the two networks, it is felt that the main framework of the existing networks should largely remain unchanged, and that minor changes may only be made in accordance with the request of the RA III Members. Accordingly, all Members of the Region are invited to review their list of stations in the RBSN and RBCN and to propose any changes if deemed necessary. The consolidated list of the two networks would then be finalized and annexed to the appropriate draft resolutions to be submitted for approval to the sixteenth session of RA III. For ease of reference, the current lists of RBSN and RBCN stations are attached (Annexes I and II). They are also available on the WMO website at:

<http://www.wmo.int/pages/prog/www/ois/rbsn-rbcn/rbsn-rbcn-home.htm>

I should therefore be grateful if you could review the lists of RBSN/RBCN stations which fall within your area of responsibility and send in your amendments to the WMO Secretariat, if any, as soon as possible, but preferably not later than **15 July 2014**.

Yours faithfully,

A handwritten signature in dark ink, appearing to be 'J. Lengoasa', written over a horizontal line.

(J. Lengoasa)
for the Secretary-General

To: Permanent Representatives of Members of Regional Association III (AMS-491)

cc: Chairperson of the Working Group on Infrastructure and Technological Development in RA III (without annexes)

ANNEX I

**PROPOSED LIST OF STATIONS COMPRISING
THE REGIONAL BASIC SYNOPTIC NETWORK IN REGION III
(JUNE 2014)**
