Asunto: Conferencia científica abierta del Programa Mundial de Investigaciones Climáticas sobre el tema “Advancing climate science for a sustainable future” (Kigali, Rwanda, 23 a 27 de octubre)

Estimado señor/Estimada señora:

Quisiera señalar a su atención la Conferencia científica abierta que el Programa Mundial de Investigaciones Climáticas (PMIC) organizará en Kigali (Rwanda) los días 23 a 27 de octubre de 2023 con el título “Advancing climate science for a sustainable future” (Promover la climatología para un futuro sostenible). Me gustaría solicitar su apoyo a la participación de los miembros de su Servicio en este evento, que tendrá lugar en Kigali (Rwanda) los días 23 a 27 de octubre de 2023 (véase <https://wcrp-osc2023.org/>).

La Conferencia destacará los progresos realizados y las dificultades encontradas en la investigación sobre el Sistema Tierra acoplado. Incluirá reuniones sobre la modelización, la observación y la elaboración de información sobre el clima para la sociedad. Se prestará especial atención a los riesgos climáticos, en particular a las consecuencias, las probabilidades y las respuestas a los efectos del cambio climático, así como a la innovación necesaria para garantizar que la información científica sobre el clima, los datos climáticos y la formación en climatología estén disponibles para quienes los necesiten.

La Conferencia científica abierta de 2023 del Programa Mundial de Investigaciones Climáticas, que se centrará en el tema “Promover la climatología para un futuro sostenible”, incluirá las principales ponencias impartidas por los oradores invitados, reuniones paralelas en las que se celebrarán charlas y mesas redondas, reuniones de presentación de carteles, conversaciones rotativas en grupos reducidos (*World Cafés*) y reuniones generales abiertas de debate, como se describe en la circular adjunta y que girarán en torno a los tres temas de la Conferencia:

- Tema 1: Los avances de la investigación climática – exponer los progresos realizados y los desafíos que plantea la comprensión del sistema climático de la Tierra, así como los avances en el fomento de la capacidad en materia de climatología en todo el mundo.
- Tema 2: Las interacciones de los seres humanos con el clima – analizar los principales impulsores y efectos del cambio climático (pasados, presentes y futuros) y determinar los riesgos que afectan a la salud humana y del ecosistema.
- Tema 3: Soluciones y servicios climáticos elaborados de forma conjunta – establecer vínculos entre el conocimiento científico, la planificación, la adopción de decisiones y los procesos políticos.

A los Representantes Permanentes de los Miembros ante la OMM

Copias: Asesores Hidrológicos

El [Organismo de Gestión Medioambiental de Rwanda](#), en nombre del Gobierno de Rwanda, organizará la Conferencia científica abierta de 2023 del Programa Mundial de Investigaciones Climáticas en Kigali, en el [Centro de Convenciones de Kigali](#). Esta conferencia, que tendrá lugar en el centro del continente africano, permitirá establecer una estrecha colaboración con las comunidades de investigación, las partes interesadas y los profesionales de Rwanda y la región. Esta colaboración se verá facilitada por iniciativas conjuntas con asociados locales, como la [Agencia de Meteorología de Rwanda](#) y la [Universidad de Rwanda](#).

Agradecería mucho su apoyo para dar a conocer la Conferencia científica abierta de 2023 del Programa Mundial de Investigaciones Climáticas a sus colegas, así como a posibles financiadores y patrocinadores, por medio del folleto adjunto sobre las opciones de patrocinio o poniéndose en contacto con la coordinadora de la conferencia, la señora Valery Detemmerman (valery.detemmerman@wcrp-climate.org).

El PMIC es un programa copatrocinado por la Organización Meteorológica Mundial (OMM), el Consejo Internacional de Ciencias (CIC) y la Comisión Oceanográfica Intergubernamental (COI) de la Organización de las Naciones Unidas para la Educación, la Ciencia y la Cultura (UNESCO).

Para obtener más información al respecto, sírvase consultar la página web de la Conferencia (véase <https://wcrp-osc2023.org/>), así como la segunda circular que figura en el anexo a la presente carta.

Le saluda atentamente.

Dra. Elena Manaenkova
por el Secretario General

WORLD CLIMATE RESEARCH PROGRAMME OPEN SCIENCE CONFERENCE

23 - 27 OCT. 2023 | RWANDA

**Advancing Climate Science
for a Sustainable Future**

The World Climate Research Programme (WCRP) Open Science Conference will be held from 23 to 27 October 2023 at the new Kigali Convention Centre, with options for in-person and state-of-the-art remote

participation to ensure inclusion and engagement from communities around the world. We anticipate 1500 delegates on site and an equal number connecting remotely.

Themes

Examples of potential session topics

Advances in Climate Research

Showcasing progress and future challenges in understanding Earth's climate system, and advances in climate science capacity around the world

- Climate science achievements: advancing our understanding from the ocean to the stratosphere.
- Climate science challenges, new approaches and opportunities: gaps identified by IPCC Working Groups; cycles and budgets of energy, water and carbon.
- Frontiers in climate modeling, observations, and model-data fusion.

Human Interactions with Climate

Analyzing key drivers and impacts of climate change (past, current and future), identifying risks to human and ecosystem health

- The changing nature of climate extremes, and associated risks and impacts.
- Water availability, food, and ecosystem health in a changing climate.
- Human wellbeing and livelihoods, with a focus on health and cities.

Co-produced Climate Services and Solutions

Connecting scientific knowledge, planning, decision-making and policy processes

- Climate informatics: near-term regional climate information for adaptation planning in communities and ecosystems.
- Science-based climate change information for mitigation, adaptation, and a sustainable future.
- Climate scenarios: long term climate projections and socioeconomic scenarios; existing challenges and the new realities of climate intervention research.

The conference will be hosted by the Rwanda Environment Management Authority (REMA), on behalf of the Government of Rwanda.

A typical day at the Open Science Conference

Time	Session	Description
7:30 - 8:45	Breakfast Session	Time available for World Cafés, early and mid-career researcher breakfasts and similar events
9:00 - 10:30	Plenary in the Dome Bringing it all together	Topics will vary from day-to-day including the conference opening, Africa-specific topic(s), and cross-cutting themes or issues
10:30 - 11:00	Break	Tea and coffee break
11:00 - 13:00	5 Parallel Sessions	Sessions comprising keynote talks from invited speakers and talks selected from abstract submissions, Q&A and panel discussions
13:00 - 14:30	Lunch	Lunch break
14:30 - 16:30	5 Parallel Sessions	Sessions comprising keynote talks from invited speakers and talks selected from abstract submissions, Q&A and panel discussions
16:30 - 18:00	Posters & Coffee in Foyer	Poster session along with aligned speakers' corners, lightning talks, workshops and World Cafés
18:30 - 19:00	Plenary in the Dome Bringing it all together	Wrap up of the day's key discussions and a preview of the next day
From 19:00	Networking Session	Networking and socializing, including World Cafés, with refreshments available
20:00 - 22:00	Evening Session	Public lectures, town halls, learning labs, workshops

Outcomes

- Improved assessment of climate risk and extremes through new collaborations and scientific advances
- Innovation in climate data and information
- Improved understanding and prediction of precipitation through the launch of a global experiment /WCRP Decade of Water Research
- Innovative ways to bridge science and society and build a North/South dialogue
- Fostering climate science leadership from the Global South and around the world
- Input to the UNFCCC Conference of the Parties (COP 28), taking place in the United Arab Emirates in November 2023

Key dates

- September 2022 - [Call for Poster Clusters and Side Events proposals](#)
- November 2022 - 3rd circular with program outline
- December 2022 - Abstract submission, financial support application and registration open
- February 2023 - Abstract submission and financial support application deadline
- April - May 2023 - Abstract review and financial support notifications
- June 2023 - Final program with speakers
- 22 & 28 October - Early to mid-career researchers' event
- 23-27 October 2023 - WCRP Open Science Conference

Participants

Science leaders, politicians, policy makers, intergovernmental agencies and Non-Governmental Organizations (NGOs) will share ideas on how climate research leads to a sustainable future. Natural and social scientists, humanities scholars, and practitioners from around the world will showcase their work, learn from each other, and explore new ways to work together to build the future we want. Early and mid-career researchers (EMCR) will play a prominent role in all aspects of the conference.

Sponsorship Benefits

Ref.: 30562/2022-1.0 SW/GR

By sponsoring the OSC, you will acknowledge the vital nature of climate research in support of a sustainable future, foster innovative ways to bridge science and society, and build future climate science leadership globally. The Kigali Conference Centre provides a myriad of opportunities for side events, learning labs, poster expositions and working group meetings.

Platinum Sponsors

\$50,000 contribution

- Invitation to attend sponsor dinner
- Complimentary premium exhibit booth space
- 4 complimentary conference registrations
- Recognition from the podium at opening session
- Short description on the hybrid platform
- Banner logo on conference website
- Logo on presentation screens in general session room between talks
- Link to organization website from meeting web site
- Logo on stage signage
- Logo on conference center reader boards

Gold Sponsors

\$25,000 contribution

- Complimentary premium exhibit booth space
- 2 complimentary conference registrations
- Short description on the hybrid platform
- Banner logo on conference website
- Logo on presentation screens in general session room between talks
- Link to organization website from meeting website
- Logo on stage signage
- Logo on conference center reader boards

Silver Sponsors

\$10,000 contribution

- 2 complimentary conference registrations
- Banner logo on conference web page
- Logo on presentation screens in general session room between talks
- Link to organization website from meeting website
- Logo on stage signage

Bronze Sponsors

\$5,000 contribution

- 1 complimentary conference registration
- Logo on presentation screens in general session room between talks
- Link to organization website from meeting website
- Logo on stage signage

Deserving Participant Support Opportunities

There are many deserving students, early career researchers, under-represented minorities, and scientists and practitioners from around the world who would benefit greatly from participating on site at the WCRP OSC 2023 but are unable to travel due to a lack of financial support. Contributions to named scholarships for conference participation are welcomed from individuals and organizations wishing to support the WCRP OSC 2023.

Sponsorship suggestions

Ref.: 30562/2022-1.0 SIWCR

Sponsorship suggestions (number of opportunities)	Suggested contribution (US \$)
Support to the hybrid Conference	
“Digital Innovation Sponsor” (includes hybrid platform, streaming and other associated costs)	\$50,000 - \$100,000
Virtual poster gallery (2)	\$10,000
Poster sessions (includes poster board rentals, refreshments) (8)	\$20,000
Parallel sessions (includes room rental, AV, refreshments) (20)	\$20,000
Abstract submission and review system (1)	\$4,000
WiFi connectivity in meeting rooms per day (5)	\$25,000
Entertainment packages	
Conference Gala dinner	\$50,000
Welcome reception - refreshments	\$10,000
Welcome reception - drinks package	\$10,000
Welcome reception - entertainment	\$8,000
Registration packages	
Locally produced registration bags	\$10,000
Badge lanyards (branded)	\$2,500
Conference bag - notebooks	\$10,000
Conference bag - water bottles	Sponsored
Conference bag - pens	\$900
Early to Mid-Career Researchers (EMCR) events/prizes	
Student and early career poster prizes	Any item/amount
Early to mid-career researchers’ conference dinner	\$5,000
Early to mid-career researchers’ icebreaker	\$2,000
Travel Grants	
Support for students, early career researchers, under-represented minorities, and scientists and practitioners from low income nations to attend the WCRP Open 2023	Any amount welcome

Sponsorship Programme

About WCRP

The World Climate Research Programme (WCRP) leads the way in addressing frontier scientific questions related to the coupled climate system — questions that are too large and too complex to be tackled by a single nation, agency or scientific discipline. Through international science coordination and partnerships, WCRP contributes to advancing our understanding of the multi-scale dynamic interactions between natural and social systems that affect climate. WCRP engages productively through these partnerships to inform the development of policies and services and to promote science education. WCRP-supported research underpins the United Nations Framework Convention on Climate Change, and contributes to the knowledge that supports the 2030 Agenda for Sustainable Development. It is the international forum for thousands of climate scientists around the world.

Why should you support the WCRP Open Science Conference 2023?

By sponsoring the OSC, you will acknowledge the vital nature of climate research in support of a sustainable future, and help foster innovative ways to bridge science and society and build future climate science leadership around the world. This event, at the heart of the African continent, will also allow strong engagement with research communities, stakeholders and practitioners from Rwanda and the broader region.

Who will participate?

Science leaders, policy makers and stakeholders will share their ideas on how climate research can lead to a sustainable future.

Early career scientists, senior scientists, and practitioners from around the world will showcase their work, learn from each other, and invent new ways to work together to build the future we want. We anticipate 1500 delegates on site and an equal number who will connect remotely.

Will this be a “green” event?

Rwanda is an emerging leader in global environmental governance and is committed to providing an outstanding opportunity to deliver a green WCRP OSC 2023. Rwanda has chosen a green growth pathway where environment and climate action sit at the heart of national planning towards sustainable development.

Who is the local host?

The Rwanda Environment Management Authority (REMA), on behalf of the Government of Rwanda, will host the WCRP OSC 2023 in Kigali, at the Kigali Convention Centre, and will support WCRP to deliver a state-of-the-art hybrid event working together with many local and regional partners, including the Rwanda Meteorology Agency, the University of Rwanda, the African Institute for Mathematical Sciences, and Carnegie Mellon University Africa.

Sponsorship Benefits

Platinum Sponsors

(\$50,000 contribution)

- Invitation to attend the sponsor dinner
- Complimentary premium exhibit booth space
- 4 complementary conference registrations
- Recognition from the podium at the opening session
- Short description on the hybrid platform
- Banner logo on conference web page
- Logo on presentation screens in general session room between talks
- Link to organization web site from meeting web site
- Logo on stage signage
- Logo on Conference Center reader boards

Gold Sponsors

(\$25,000 contribution)

- Complimentary premium exhibit booth space
- 2 complementary conference registrations
- Short description on the hybrid platform
- Banner logo on conference web page
- Logo on presentation screens in general session room between talks
- Link to organization web site from meeting web site
- Logo on stage signage
- Logo on Conference Center reader boards

Silver Sponsors

(\$10,000 contribution)

- 2 complementary conference registrations
- Banner logo on conference web page
- Logo on presentation screens in general session room between talks
- Link to organization web site from meeting web site
- Logo on stage signage

Bronze Sponsors

(\$5,000 contribution)

- 1 complementary conference registration
- Logo on presentation screens in general session room between talks
- Link to organization web site from meeting web site
- Logo on stage signage

Deserving Participant Support Opportunities

There are many deserving students, early career scientists, under-represented minorities, and scientists from developing nations around the world who would benefit greatly from participating on site at the WCRP OSC 2023 but are unable to travel because they lack financial support. Contributions for named scholarships for participation in the conference are another way to support the WCRP OSC 2023.

Sponsorship Package Detail

Sponsorship opportunity	Suggested contribution (US\$)	Number of opportunities
"Digital Innovation Sponsor" to provide a state-of-the art hybrid conference experience	\$150,000	3 x \$50,000
Conference Gala Dinner	\$40,000	4 x \$10,000
Guest WIFI connection in meeting rooms	\$30,000	5 x \$6,000/day
Welcome reception - refreshments	\$10,000	
Welcome reception - drinks package	\$10,000	
Welcome reception - entertainment	\$8,000	
Poster session refreshments	\$10,000	5 x \$10,000
Afternoon break refreshments	\$5,000	4 x \$5,000
Poster board rental	\$5,000	
Abstract submission and review system	\$4,000	
Early & Mid-career scientists' dinner	\$5,000	
Early & Mid-career scientists' icebreaker	\$2,000	
T-shirts for ushers and helpers	TBD	
Badge laynards (1500)	TBD	
Conference bag	TBD	
Conference bag - notebooks & pens	TBD	
Conference bag - glass water bottles (1500)	TBD	
Conference bag - umbrellas (1500)	TBD	
Column wraps or Banner placement in the KCC	TBD	
Package of 10 student registrations	TBD	
Package of 10 virtual registrations	TBD	
Package of 10 standard registrations	TBD	
Travel support	TBD
