Asunto: Curso de la Organización Meteorológica Mundial para Formadores en el Puesto de Trabajo y Evaluadores de Competencias (25 a 29 de julio de 2022, Bucarest, Rumania)

Finalidad: Enviar a la Secretaría de la Organización el formulario de designación de participantes debidamente cumplimentado para que obre en su poder no más tarde del **10 de junio de 2022**

Estimado señor/Estimada señora:

Tengo el placer de informarle de que la Organización Meteorológica Mundial (OMM) ha organizado el Curso de la OMM para Formadores en el Puesto de Trabajo y Evaluadores de Competencias para la Asociación Regional VI. La Administración Meteorológica Nacional de Rumania (MeteoRomania) acogerá el curso en Bucarest (Rumania) del 25 al 29 de julio de 2022.

El curso se centrará en el uso de herramientas de formación en el puesto de trabajo y de evaluación de competencias para potenciar el desarrollo de la capacidad mediante la adquisición de competencias. Así, se dotará a los participantes de los conceptos y las aptitudes necesarios, que podrán aplicar y adaptar a cualquier actividad operativa de los Servicios Meteorológicos e Hidrológicos Nacionales (SMHN). Como parte del objetivo general de la OMM de fomentar el desarrollo de la capacidad de los SMHN, la Organización pone en marcha esta actividad dedicada a la formación en el puesto de trabajo y la evaluación de competencias. El objetivo consiste, entre otras cosas, en contribuir a la reducción del desfase entre teoría y práctica para velar por una aplicación adecuada y sostenible de las aptitudes necesarias en la vida real. El curso se impartirá en inglés, y en el anexo 1 a la presente carta figura más información. A su debido tiempo se facilitará a los candidatos seleccionados una nota con información general para los participantes y el calendario provisional del curso.

Sírvase tener en cuenta que, si bien se alienta a los Miembros a que sufraguen los gastos de participación de sus expertos en el curso, la OMM está dispuesta a proporcionar asistencia a uno de los participantes de determinados Miembros. Al completar el formulario de designación de participantes, que figura en el anexo 2 a la presente carta, deberá proporcionar información sobre los beneficios que puede aportar a su Servicio la participación de su candidato en el curso. El formulario de designación deberá completarse y enviarse a la Secretaría de la OMM ([tra@wmo.int](mailto:tra@wmo.int)) lo antes posible y, en todo caso, no más tarde del **10 de junio de 2022**.

Le saluda atentamente.

Dr. Wenjian Zhang  
por el Secretario General

A los Representantes Permanentes de los Miembros de la Asociación Regional VI ante la OMM

presidente de la Asociación Regional VI

**WMO Course for On-the-Job Trainers and Competency Assessors**

**25-29 July 2022, Bucharest, Romania**

**Course Information**

**Overview:**

The World Meteorological Organization (WMO) course for On-the-Job Trainers (OJT) and Competency Assessors (CA) will be offered by the WMO and hosted by Romanian National Meteorological Administration (MeteoRomania), in Bucharest, Romania, between 25 and 29 July 2022.

The concept of competency is directly connected to the activities of individuals and must be very well understood and correctly implemented. Hence, as a result of the need to improve on the situation, the issue arose during the Fourteenth WMO Symposium on Education and Training (SYMET-14), following which the participants emphasised the need to fill the gap between theory and practice, especially with respect to real-life application.

The course will focus especially on examples of how these are utilised in the operational environment. One of the premises of the course is that training is enriched by practical applications, and the achieved skills can be adapted to create coherence in the approach to competency implementation not only in different operational activities in NMHS but also between NMHSs in the Region.

**Objectives:**

After participating in this course, participants will have enhanced their skills to contribute to the development of the competencies identified in the WMO Competency Requirements for Education and Training Providers for Meteorological, Hydrological, and Climate Services, as approved by EC-65 and as described in the 2016 revision to WMO Technical Regulations, No. 49, Volume 1.

**Course Content:**

The WMO Course for OJT and CA is designed to be practical and highly active. It will include many short readings but even more opportunities for interaction with facilitators and fellow participants. A note containing general information for participants and the provisional programme schedule will be distributed to selected candidates in due course.

**Learning Outcomes:**

At the end of the course, trainees will be able to:

- deliver training on implementation of OJT and CA, as a general approach, at the organisation level as a component of capacity development and advise on adaption to different fields of activity in NMHSs;
- guide and support NMHSs in competency implementation regarding OJT and CA for different areas of activity.

- apply OJT techniques to specific activities in NMHSs by adapting the acquired competencies.
- apply competency assessment.

Since the proposed training program focuses on OJT and CA's principles and not on a specific specialisation, the outcomes of the training program are wide enough to cover all sections of an NMHS and the adaption to different fields of activity can be facilitated.

Using the described concept, therefore, the following benefits will emerge:

- More coherent competency approach among Members considering similar OJT and CA implementation.
- Opportunity to create a broad image in the NMHSs on the level of competencies of staff and individual and group development needs.
- Quicker delivery of information and a more structured way of sharing experiences.
- More efficient use of human and financial resources.
- Enhancement of the capacity of WMO RTCs (Regional Training Centres) and NMHS training institutions to support capacity development endeavours.
- Support implementation of WMO reform at the regional level with an attending benefit to Members.

#### **Profile of Participants:**

The profile of the participants should be deeply connected with the operational environment and is proposed as follows:

- Willingness to share skills, knowledge, and expertise
- Availability of deployment to deliver courses in OJT and CA
- Versatility and enthusiasm in providing information
- Originating from operational environment and with strong operational experience
- Some experience in delivering on-the-job training and previous attendance to a Train-the-Trainers course will be an advantage
- Good English language skills

#### **Financial Assistance:**

Please note that while we encourage WMO Members to cover the expenses of their participants to attend the course, WMO is prepared to support one participant each from selected WMO Members if requested by the Permanent Representative.

#### **Deadline for Nominations:**

The Nomination Form (Annex-II) should be completed and returned to reach the WMO Secretariat ([tra@wmo.int](mailto:tra@wmo.int)) as soon as possible and, in any case, **not later than 10 June 2022**.

WMO Course for On-the Job Trainers and Competency Assessors  
25-29 July 2022, Bucharest, Romania

Nomination Form

***Section A: Personal Details of Candidate***

---

1. Country: \_\_\_\_\_

2. Title: Mr/Ms/Miss/Dr/Prof/\_\_\_\_\_

3. First Name (Given): \_\_\_\_\_

4. FAMILY NAME (SURNAME): \_\_\_\_\_

5. E-mail: \_\_\_\_\_

6. Telephone No: \_\_\_\_\_

7. Fax No: \_\_\_\_\_

8. Official Address: \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_

9. Date of Birth: \_\_\_\_\_

10. Nationality: \_\_\_\_\_

11. Gender :  Female  Male

12. What is your job title? \_\_\_\_\_

13. How long have you been in this position? \_\_\_\_\_

14. Have you been working in operational positions? Which were the main activities? \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_

15. For how long have you been working in operational field? \_\_\_\_\_

16. Are you / have you been involved in competency development in your organization?

Please briefly describe the roles: \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_

---

---

**Section B: Endorsement of Permanent Representative**

17. Statement by the Permanent Representative on how the participation of this candidate will benefit the education and training provided by the NMHS:

---

---

---

---

18. Please note that while we encourage WMO Members to cover the expenses of their participants to attend the course, WMO is prepared to support one participant each from selected WMO Members. Do you need financial assistance for your candidate in case he/she is selected?

- No, thank you.
- Yes, travel support only.
- Yes, daily subsistence allowance only.
- Yes, full support required.

Place: \_\_\_\_\_ Date: \_\_\_\_\_

Signature of the Permanent Representative: \_\_\_\_\_

-----

To be completed and returned to reach the WMO Secretariat as soon as possible and, in any case, **not later than 10 June 2022**.
