Objet: Cours international de formation sur la prévision numérique du temps (Nanjing, Chine, 18–29 mai 2015)

Suite à donner: Pour information et mesures à prendre, le cas échéant

Madame, Monsieur,

J'ai le plaisir de vous informer que la République populaire de Chine accueillera, du 18 au 29 mai 2015, un cours international de formation sur la prévision numérique du temps, au Centre régional de formation professionnelle (CRFP) de l'OMM établi à Nanjing.

Ce cours se compose de leçons théoriques et d'exercices pratiques qui aideront les participants à acquérir les principes de base de la prévision numérique du temps et de l'interprétation des produits correspondants. Les participants seront également mieux à même de mener des activités d'exploitation et de recherche en lien avec les prévisions météorologiques à courte et à moyenne échéance.

Le Gouvernement chinois renoncera à percevoir des droits de scolarité et pourra fournir, sur demande, un soutien de portée locale aux participants retenus. Pour de plus amples renseignements, vous trouverez ci-joint la note d'information sur le cours ainsi que le formulaire de candidature.

Les candidats retenus sont priés de remplir le formulaire ci-joint, qui doit être approuvé par le représentant permanent de leurs pays respectifs, et de l'envoyer **directement au CRFP de Nanjing**, à l'adresse indiquée sur le formulaire, d'ici au **6 avril 2015 au plus tard**.

Veuillez agréer, Madame, Monsieur, l'expression de ma considération distinguée.

(E. Manaenkova)
pour le Secrétaire général

Aux: Représentants permanents (ou directeurs des Services météorologiques ou hydrométéorologiques) des Membres de l'OMM (PR-6825)

cc: Conseillers en hydrologie auprès des représentants permanents

INTERNATIONAL TRAINING COURSE ON NUMERICAL WEATHER PREDICTION

18-29 May, 2015, Nanjing, China

Enrolment Information

The International Training Course on Numerical Weather Prediction is organized by the WMO Regional Training Centre (RTC) Nanjing, sponsored by China Meteorological Administration (CMA) and co-sponsored by ESCAP/WMO Typhoon Committee.

Course Description

This course is designed to help participants, through theoretical study and practice, to have a general view of the basic principles of Numerical Weather Prediction (NWP) and interpretation of NWP products. It is also helpful to improve participants' ability in carrying out operational and research work for short- and medium-range weather forecasts.

Expected Learning Outcomes

Participants are expected to be enabled to understand and master basic NWP principles and interpretation of NWP products, including operating NWP models, parameterization of sub-grid physical processes, and data assimilation. They will be enabled to make verification and interpretation of NWP products, and operate ensemble forecasting.

Target Audience

Weather forecasters and those who are working in the field of weather forecasting, research, disaster risk management, and multi-hazard early warning.

Course Content

The training course will mainly cover lectures on fundamentals of NWP and interpretation of NWP products, including adiabatic formulation of NWP models, parameterization of sub-grid physical processes, data assimilation, methods of verification and interpretation, predictability and ensemble forecasting, ensemble forecasting and NWP on tropical cyclones, and study tour to the atmospheric observation station and forecast centre, and so on.

Course Format

Lectures, practical sessions, seminar on special topics, study tour, discussion, and participant presentation, etc.

Student Assessment

1. An observation will be made by the staff at RTC and lecturers for participants' attendance and performance at the lectures and other learning activities of the training course;
2. A paper test will be given to the participants after all the lectures to examine their understanding and acceptance of the knowledge transferred;
3. The instructors will assess participants' performance in practical sessions.

Instructors

Professors in the field from Nanjing University of Information Science and Technology (NUIST) and senior experts from CMA.

Language Used

The course will be conducted in English.

Participant Qualifications for Admission

Participants are required:

1. To be specialized in weather forecasting with a minimum of two years' professional experience;
2. To be in good physical health with no infectious diseases. Physically fit to fulfil all course activities; candidates with limited physical mobility will not be accepted;
3. To be proficient in English;
4. To prepare a report on weather forecasting of the participant's country and a brief introduction of the participant's professional experiences for the purpose of academic exchanges;
5. Not to bring family members to the training course in principle; if bringing a family member, the participant has to pay extra expense;
6. To observe all the laws, rules and regulations of in China and respect the Chinese customs during the training period.

Application and Selection Process

1. The applicants must be meteorologists who are working in the field of weather forecasting from Meteorological and Hydrological Services of developing countries. The nominated candidates are requested to submit the Application Forms and a copy of their passport (necessary) together with evidence of English proficiency (if there is) to the WMO RTC Nanjing China for examination and endorsement;
2. Admission Notices will be issued to the accepted participants by e-mail by the RTC Nanjing. With the Admission Notices, the participants are requested to go through all the necessary formalities for entering China and register at the RTC Nanjing on 18 May 2015.
Only accepted applicants that receive the Admission Notices endorsed by the WMO RTC Nanjing China can participate in the training course.

Costs

1. Tuition fee is free for all the accepted participants that receive the endorsed Admission Notices by the WMO RTC Nanjing China;
2. Due to limited funds, the WMO RTC Nanjing China can provide local support such as accommodation, meals, and pocket money (50 Yuan RMB per day) etc. for 30 participants only. Normally one applicant from each developing country or two applicants from each Least Developed Country are endorsed by the WMO RTC Nanjing China for the local support;
3. Other accepted applicants, or their respective governments, need cover their accommodation (50 USD per day per person) and meals (20 USD per day per person) during the training period;
4. The international travel costs including round trip tickets, transit fares and subsistence allowance during the travel are to be covered by the participants or their employers;
5. The expenses of visa, medical care, insurances and domestic salaries for the participants should be borne by the participants' employers;
6. The organizer of the International Training Course on Numerical Weather Prediction does not hold any responsibility for such risks as loss of life, accidents, illness, and loss of property incurred during the whole period of participation in the training course.

Deadline for Application

The application should be sent to WMO RTC Nanjing **by 6 April 2015**.

APPLICATION FORM

INTERNATIONAL TRAINING COURSE ON NUMERICAL WEATHER PREDICTION

(Nanjing, China, 18-29 May 2015)

Note: Please send the completed form directly to the WMO RTC Nanjing China as soon as possible and in any case **no later than 6 April 2015.**

I. Personal Data

1. Surname _____
First Name _____
2. Gender _____
3. Date of Birth _____
4. Place of Birth _____
5. Passport Number: _____
6. Nationality _____
7. Religion _____
8. Marital Status _____
9. Health Condition _____
10. History of infectious disease: No Yes

(Please specify if yes)

11. Address: _____

Telephone _____ Fax _____
E-mail Address: _____ @ _____

12. Permanent Address: _____

13. Contact person in emergency
Name: _____
Address: _____

Telephone _____ Fax _____
E-mail Address: _____ @ _____

14. Statement of present work
Name of institution _____
Position held _____

A brief description of duties _____

15. Previous employment history

Date	Institution	Position and Duties
------	-------------	---------------------

16. Educational and/or professional qualification

Date	Major and University	Degree/Diploma
------	----------------------	----------------

17. Language Proficiency

Mother Tongue _____

English Proficiency (Please tick):

Reading: a. excellent b. good c. fair d. poor

Listening: a. excellent b. good c. fair d. poor

Speaking: a. excellent b. good c. fair d. poor

Writing: a. excellent b. good c. fair d. poor

18. State why you wish to attend the course and indicate the practical use of the course to your work in the future.

II. Insurance

I fully understand that the seminar organizer does not take any responsibility for such risks as loss of life, accidents, illness, loss of property etc.

III. Personal Statement

I hereby declare that the information given above is true, correct and complete. I shall bear the responsibility for the above information.

I pledge to observe all the Chinese laws and will respect the local customs and follow the course regulations during my stay in China for the training course.

Date

Signature of the Applicant

IV. Please indicate whether local support is required and if so, whether in the form of accommodation, meals during the training period at the WMO RTC Nanjing China (Please tick):

Apply for local support of:

Accommodation	<input type="checkbox"/> yes	<input type="checkbox"/> no
Meals	<input type="checkbox"/> yes	<input type="checkbox"/> no

If you cannot get local support from the organizer, will you or your government pay for the above expenses? yes no

V. Endorsement of the Nominator

1. Name of Organization _____

2. Name and Signature of the Permanent Representative with WMO:

Name _____

Signature _____

Official Seal _____

Date _____
