

Наш исх.: OBS/OSD/RBSN-RBCN/RA II

ЖЕНЕВА, 3 января 2017 г.

Приложения: 2 (имеются только на английском языке)

Вопрос: Региональная опорная синоптическая сеть (РОСС) и Региональная опорная климатологическая сеть (РОКС) в Региональной ассоциации II (Азия), а также пилотная Региональная опорная сеть наблюдений (РОСН)

Предлагаемые меры: Направить комментарии в Секретариат ВМО как можно скорее, но предпочтительно не позднее **12 января 2017 г.**

Уважаемый господин/Уважаемая госпожа!

Как Вам, вероятно, известно, на предстоящей шестнадцатой сессии Региональной ассоциации II (РА II-16) (Абу-Даби, Объединенные Арабские Эмираты, 12-16 февраля 2017 г.) будет приниматься решение по обновленным спискам станций в Региональной опорной синоптической сети (РОСС) и в Региональной опорной климатологической сети (РОКС) для Региона II (Азия). В рамках регионального осуществления Интегрированной глобальной системы наблюдений ВМО (ИГСНВ) внедряется также Региональная опорная сеть наблюдений (РОСН), с тем чтобы в конечном счете заменить существующие сети РОСС и РОКС, которые концептуально становятся устаревшими, по мере того как Члены реализовывают более широкий диапазон наблюдательных систем в интегрированных комплексных сетях, обслуживающих множество применений.

В ожидании официального учреждения РОСН на восемнадцатой сессии Всемирного метеорологического конгресса (Кг-18) в 2019 г., а также в целях поддержания стабильности двух сетей было сочтено, что основная рамочная структура существующих сетей должна в значительной степени оставаться неизменной и что в нее могут вноситься только незначительные изменения в соответствии с запросами со стороны Членов РА II. В этой связи всем Членам Региона предлагается пересмотреть свои списки станций РОСС и РОКС и предложить какие-либо изменения, если таковые будут сочтены необходимыми. Требуемые изменения для обеих сетей затем будут оформлены в окончательном виде и приложены в качестве дополнения к соответствующим проектам резолюций, которые будут представлены на утверждение на РА II-16. К настоящему письму прилагаются текущие списки станций РОСС и РОКС (приложения I и II) в качестве справочного материала. Они также доступны на веб-сайте ВМО по адресу:

<http://www.wmo.int/pages/prog/www/ois/rbsn-rbcn/rbsn-rbcn-home.htm>

Постоянным представителям Членов Региональной ассоциации II (ASE-651)

Копии: Председателю Рабочей группы по ИСН и ИСВ в РА II)
Координатору подгруппы по ИСН) (без приложений)

Что касается РОСН, то станции/платформы, в настоящее время составляющие РОСС и РОКС, как ожидается, в конечном счете будут составлять основу РОСН, дополненную другими типами станций/платформ. Основная цель состоит в разработке определения интегрированной РОСН вместе с новой базой данных, содержащей информацию о станциях, которая будет более полно описать возможности ВМО в области наблюдений на основании данных, собранных коллективными усилиями Членов.

Комиссия по основным системам (КОС) одобрила концепцию РОСН на своей шестнадцатой сессии (КОС-16), проводившейся в Гуанчжоу, Китай, с 23 по 29 ноября 2016 г. Исходя из этой концепции, КОС в ближайшие годы разработает соответствующий Технический регламент в консультации с региональными ассоциациями. РА II-16 (просьба обратиться к соответствующему документу в надлежащее время) будет также предложено: i) принять решение о пилотной РОСН для РА II, первоначально включающей в себя слияние всех станций РОСС и РОКС Ассоциации; ii) просить Членов Ассоциации предложить дополнительные станции наблюдений для включения в пилотную РОСН; iii) поручить Региональной рабочей группе РА II по ИСВ и ИГСНВ рекомендовать президенту РА II список станций, которые будут включены в предлагаемую пилотную РОСН для РА II; iv) уполномочить президента РА II утвердить изменения в списке станций.

В связи с этим, а также для подготовки к обсуждениям и к принятию ожидаемых решений на РА II-16 прошу Вас:

- a) обратить особое внимание на документ КОС-16 (см: CBS-16-d05-4-1(4)-RBON-draft1_ru в разделе «Документы» на веб-сайте по адресу: <http://meetings.wmo.int/CBS-16>), который был представлен на КОС-16 для принятия в той форме, в которой он был подготовлен после проведения обсуждений в рамках соответствующих экспертных групп КОС;
- b) обеспечить, чтобы списки станций РОСС и РОКС, входящих в вашу зону ответственности, были вами рассмотрены и чтобы ваши поправки, если таковые потребуются, были направлены как можно скорее, но предпочтительно не позднее **12 января 2017 г.**, в Секретариат ВМО.

В этой связи я был бы Вам признателен, если бы Вы приняли к сведению информацию, содержащуюся в настоящем письме, и приняли необходимые меры в соответствии с вышеизложенной просьбой.

С уважением,

(В. Чжан)
за Генерального секретаря
