尊敬的先生/女士,

我谨提醒您注意并鼓励您参加即将于2022年7月12至16日在新加坡举行的世界气候研究计划(WCRP)海平面会议, 会议主题为“推进科学, 连接社会”(<https://sealevelconference.org/>)。

会议将分享与气候相关的海平面研究的现状和未来, 重点关注海平面科学在适应方面的应用和利益相关者的需求。有鉴于对风险评估和海岸适应等方面的迫切需求, 会议将有全球领先的海平面研究人员和从事适应相关工作人员的直接参与, 从而将提供一个强大的平台, 协助架起科学与社会的桥梁。

世界气候研究计划由世界气象组织、国际科学理事会和 UNESCO 的政府间海洋学委员会发起。

WCRP SEA LEVEL CONFERENCE

ADVANCING SCIENCE, CONNECTING SOCIETY

12 - 16 July 2022

Following the success of the WCRP Sea Level Conference in 2017 (New York), the conference returns this year in a hybrid format in Singapore. Organised by the World Climate Research Programme (WCRP), and supported by CLIVAR, EOS, MGS, MSE and SIMES, the theme of the WCRP Sea Level Conference 2022 is "Advancing Science, Connecting Society". The conference provides opportunities to share the present status and future of climate-related sea-level research with a strong focus on the application of sea-level science for adaptation and stakeholder needs. Given the critical need for risk assessment and coastal adaptation, it will include direct participation by a global cross-section of both leading sea level researchers and adaptation practitioners. The conference will feature a robust conversation between these communities to inform efforts to bridge science and society at this critical moment, including consideration of the new structure of WCRP.
